PROFILE

Motivated BCA student with strong fundamentals in programming, web development, and database management. Passionate about learning new technologies and building efficient digital solutions. Skilled in applying theoretical concepts to practical projects, with a keen interest in improving problem-solving and analytical abilities. Eager to contribute to real-world applications, collaborate with teams, and gain hands-on experience in a professional work environment.

PROJECT

Academic & Personal Projects

BCA Student - Web & Software Development

- Developed multiple web and software-based projects during academic learning.
- Improved skills in programming, web development, and database management through hands-on practice.
- Collaborated with classmates on small team projects, focusing on clean code and problem-solving.

My Projects
